

XFD Dripline with Greater Flexibility

Flexible, pressure compensating inline emitter tubing. Excels in irrigating ground cover, dense plantings, hedge rows and more.

XFD Dripline Features

- **Flexible** – Rain Bird’s proprietary blend provides industry leading flexibility allowing for tighter turns with fewer elbows for fast and easy installation
- **Durable** – Dual-layered tubing (brown over black or purple over black) provides unmatched resistance to chemicals, UV damage and algae growth
- **Efficient** – Low profile emitter design results in reduced friction loss, allowing longer lateral runs and more cost-effective system design
- **Reliable** – Clog-resistant design ensures that water will keep flowing to your plant material

Pressure-compensating emitter provides consistent flow over the entire lateral length ensuring reliable uniformity over pressure range of 0,59 to 4,14 bar

XFD Dripline With Greater Flexibility

Rain Bird's XFD Dripline is the most flexible, kink-resistant tubing available, it's ideal for irrigating areas where traditional drip tubing is difficult to install. It is perfect for small, narrow and tight planting areas, as well as areas with tight curves or many switchbacks. Because it accepts 17mm insert fittings, XF™ Series Dripline Insert Fittings, Rain Bird Easy-Fit compression fittings and LOC fittings makes it easier than ever to design with, and install Rain Bird dripline.

XFD Dripline Models

XFD-23-33-25
XFD-23-33-50
XFD-23-33-100
XFD-23-33-200
XFD-23-50-100
XFD-23-40-100
XFD-16-33-100
XFD-16-50-100

How To Specify

XFD - 23 - 33 - 100

For more information on XFD visit:
www.rainbird.eu

A low-profile emitter design results in reduced friction loss, allowing longer maximum lateral runs and more cost-effective system designs.

The continuous flushing action of the XFD emitter and the grit tolerant, clog-resistant design ensures that water will keep flowing thus minimizing maintenance and saving you time and money.

**Rain Bird's Professional
Customer Satisfaction Policy**

XF Series Dripline offers five (5) years on product workmanship and seven (7) years on environmental stress cracking
